

ALL OPERATORS LETTER (DG 002/21)

Ref: NCAA/DG/AIR/11/16/290

Date: 28th January 2021

To: All Nigerian Air Operator Certificate (AOC) Holders

From: Nigerian Civil Aviation Authority

Attn: Accountable Manager / Director of Operations

Subject: **EXEMPTIONS FROM CERTAIN REGULATORY REQUIREMENTS DUE TO COVID-19 PANDEMIC:
FLIGHT CREW PROFICIENCY**

You will recall that the NCAA issued and circulated an **All Operators Letter AOL DG001/21 reference number NCAA/DG/AIR/11/16/289 dated 2nd January 2021** to inform all air operators of its determination that pilots' licences are **NO LONGER** required to be submitted to the NCAA for endorsement till **31st of January 2021** prior to which the NCAA would have carried out another review of the COVID-19 pandemic situation.

This AOL is to inform all operators that NCAA has carried out another review of the COVID-19 pandemic situation and determined along the same line with the Presidential Task Force on COVID-19 that the situation of the second wave is very much around.

However, the NCAA has determined that the licensing office is now ready for endorsement of licences. Pilots that have complied with the **conditions and limitations stated in Exemption Document No. NCAA/DOLTS/GEN012/20/003 dated 30th November 2020** should comply with AOL DG044/20 dated 27th November 2020 by submitting their licences for endorsement by the Authority. Please note that this AOL supersedes AOL DG001/21 Reference number NCAA/DG/AIR/11/16/289 dated 2nd January 2021.

Please, comply accordingly.

Captain Musa S Nuhu
Director General/CEO
